one game one community

Are you a local grassroots club or community organisation looking to develop the people you are working with?

Would you like to play a bigger role in the football industry?

Kick It Out in partnership with the Equalities and Human Rights Commission is developing a Mentoring and Leadership project which looks to address the under representation of diverse communities in the football industry.

Kick It Out is running a number of consultation evenings around the country to help groups and individuals to find out more about the project and how they can get involved.
